EDUCATION

ASIA PACIFIC UNIVERSITY (APU)

DIPLOMA IN INFORMATION AND COMMUNICATION TECHNOLOGY (SOFTWARE ENGINEERING)

2024 - PRESENT | CGPA: 3.29

SMK SERI PERLING

SPM

2019-2024

PROJECT EXPERIENCE

ECOEATS APU

Responsive Web Design & Development Project | HTML, CSS, JavaScript, PHP, MySQL, WampServer

- Developed a web-based food waste reduction platform for APU students and vendors.
- Worked on student pages such as dashboard, profile, waste log, feedback and leaderboard.
- Used MySQL to support user records, waste logs, feedback, challenges and vendor data.

TREV - ASIA TRIP PLANNER

Capstone Project | HTML, CSS, JavaScript, PHP, MySQL

- Created a travel planning website for discovering Asian destinations and planning trips.
- Built pages for destination browsing, trip planner, reviews and user trip management.
- Focused on a clean user interface and responsive layout.

TUITION CENTRE MANAGEMENT SYSTEM

Java OOP Project | Java Swing, Apache NetBeans

- Built a desktop GUI system for tuition centre operation as a group assignment.
- Contributed to the receptionist role including dashboard, student management and payment features.
- Applied OOP concepts such as encapsulation, abstraction, inheritance and polymorphism.
